

TO WHOM IT MAY CONCERN

2 September 2026

We wish to submit our love of UMPYS HUMPY – we have stayed at this lovely relaxing and quiet accommodation on Moreton several times. We have always found the neighbourhood and hosts extremely accommodating and pleasant. As people in our 50s and 60s we love coming to this quiet location and relaxing. We are not there to party but enjoy the beaches, fishing and local community.

There is little accommodation to choose from in the area and nothing that reflects the quality, affordability and location of this space.

We enjoy becoming part of the community and supporting the local community – including the “Gutter Bay” – offering authentic island style living – we love it and find it a shame to lose these opportunities.

We have never received a complaint from any neighbours as we keep to ourselves . We submit this letter of support in the hope that “Umpys humpy” continues so we can enjoy our quiet weekends away.

Regards and thanks
