This email originates from outside of Brisbane City Council.

To whom it may concern,

Hello,

I have seen some local opposition to this development, mainly due to the height limit. I wanted to offer my endorsement for it. It makes sense for the area, given its transport connections via the train and ferries, to create dense housing, especially near the river. Personally, regardless of the suburb's height/floor limit, I think this development will be an improvement on the current land use and aesthetic.
