RE: Request for an Extension of Applicant Response Period – s13.1 of Development Assessment Rules

In accordance with section 13.1 of the Development Assessment Rules, we seek Council's agreement to extend the Applicant response period. We are preparing a full response to the Information Request received on 22 April 2026. To enable a thorough response to Point 1 of the Request, Acoustic Works has been commissioned to investigate the potential noise impacts. We are currently waiting on their report. We therefore ask that the response period be extended until **22 September 2026**.

Yours faithfully
