unit 7

Describe proposed works in detail

Given the extreme weather we have had lately and the fact that the blinds currently on the premises aren't water resistant, I'm wanting to enclose my balcony with plantation shutters to protect the exterior of my apartment which body corporate also has a vested interest in maintaining and also protect my balcony. I am wanting incur this fee myself. Please see attached quotes that I have received. My apartment is not visible from the street and, therefore, what I'm proposing won't change the facade of the building complex. The attached link shows examples of the shutters I'm wanting to use <https://intexconcepts.com/bermuda-2000-series-shutters/>

Describe location in detail including whether it is within lot boundaries or on common property

my balcony

- * I am the owner of the abovementioned lot in the community titles scheme, or I am the owner's agent acting with the express consent of the owner of the lot.
- * I understand that upon receipt of this request the body corporate will issue an invoice that is payable by the owner, regardless of the outcome/decision of the committee.
