This email originates from outside of Brisbane City Council.

Dear Sir/Madam,

I'm writing to express my complete dismay with the ongoing development of the acreage lots close to my home.

Although the development is currently in its early stages, the change in the area is devastating.

Not a single tree has been spared in any of the cleared blocks - I thought Forest Lake was supposed to be full of trees!

Where are the wildlife supposed to go?

I thought eucalyptus trees weren't allowed to be felled due to koalas, but I'm sure they already have been.

If allowed to proceed, the whole estate will become a rabbit warren, full of shoebox homes on tiny blocks, and cars littering the streets. Traffic would be a nightmare entering and exiting the estate.

Please, please consider how the wider community would be affected...not to mention the wildlife.

Thank you for taking the time to read this.

Kind regards,
