To Whom It May Concern

I am making a submission opposing the building development proposal for 652 Kessels Rd & 10 Pickworth St Upper Mt Gravatt.

The location is already a high density traffic area with the local school traffic morning and afternoon as it is the only entry and exit for the estate adding to the traffic. Not to mention the parking situation which is already a nightmare in the adjoining streets.

If it is passed it will be chaos during construction time impacting the already high traffic situation at the single roundabout.

The block of land hardly seems adequate enough for what is proposed. It is to be hoped that underground parking is incorporated in the planning.

I highly object to this proposal.

Kind Regards,
